Facilitated Communication Denies People With Disabilities Their Voice Bonker E amp Green E 2011 I am in here The journey of a child with autism who cannot speak but finds her voice
When Elizabeth eventually learned to communicate first by using a letterboard and later by typing the poetry she wrote, it became proof of a glorious life-affirming victory for this young girl and her family. *I Am in Here* is the spiritual journey of a mother and daughter who refuse to give up hope who celebrate their victories and who keep trying to move forward despite the obstacles. Although she cannot speak, Elizabeth writes poetry that shines a light on the inner world of autism and the world around us.
struggles with autism and her attempts to live life to the fullest despite her diagnosis

Why does autism mean that some children cannot speak

Many people who have autism can speak very well though some start talking later than those without autism but about 25 of autistic people cannot speak – or have only a few words This percentage is much better than it used to be it was 50 a few decades ago and this might be due to the fact that we can detect autism earlier and start

Real Stories from People living with Autism Spectrum

Mary Elizabeth’s Story “Our personal journey into this world of autism began just over eight years ago with the birth of our son Perry Since the beginning he struggled immensely The first thing we noticed was that he seemed very restless He was always unsettled He had a lack of recognition in his eye He didn’t eat He didn’t sleep
